

## **CORRECTION OF GRADUATE STUDENT STATUS 2011-2012**

Student's Name: \_\_\_\_\_

Student's ID: \_\_\_\_\_

We have received your processed 2011-2012 Free Application for Federal Student Aid (FAFSA). You have indicated that you will be working on a master's or doctoral program (such as an MA, MBA, MD, JD, PHD, EdD, etc.).

Daytona State College does not offer masters or doctoral programs; you will need to correct your answer to this question on the FAFSA to "No". If your status for financial aid as an independent student is based **solely** on your answer to this question, you will also need to include parent information (demographic, income, asset), as well as the parent signature, on your FAFSA.

Please return this form to our office as soon as you have corrected your FAFSA so that we may continue the processing of your financial aid.

- I have corrected my FAFSA to indicate that I will not be working on a master's or doctoral program. **Attached** is a copy of my corrected Student Aid Report/ FAFSA.
- I have also included parent information as well as the parent signature if my status as an independent student was based solely on working on a master's or doctoral program.
